### Our Institution:

Cradled amidst natural surroundings, Silchar College is located in the fringes of Silchar town, away from the humdrum of the typical urban chaos. This institution is situated in a rural setting largely inhabited by socially and economically backward classes including tea garden labourers.

Perceiving the practical necessity of establishing a college and facilitating higher education in the area, some dedicated educationists, social workers and conscious publics of the locality came up together, conducted meetings, raised funds and finally laid the foundation of the college on 20th February, 1994. In its novice stage the classes were taken in Nehru High School, Singari. Later it was shifted in its present land donated by descendants of Late Tilak Singha, along with the cooperation from the family of late Mridanga Guru Surjyomani Singha.

After a roller-coaster journey of two decades, the college has been provincialized under provision 4(1) of the Assam Venture Educational Institutions (Provincialization of Services) Act, 2011 as Amended in 2012 and 2013. The family of Silchar College has so far been successful in maintaining a beautiful environment of cooperation, respect, dedication and sincerity among its members. At present the college is at a stable position and is equipped with the required number of classrooms, a library and the administrative block. Expansion and development works are still under process.

**Motto:**

“Vidya Dadati Vinayam” (Knowledge Generates Humility)

**Vision:**

Profoundly inspired by the institutional motto “Vidya Dadati Vinayam”, Silchar College has been unyieldingly trying to provide higher education combined with ethics. This three decade’s journey has been full of challenges as well as opportunities opening up newer vistas for achievements and explorations. The institution has a clear vision of upgrading itself into the greatest learning environment possible where each and every student can properly express the best aspects of their mind and character and emerge as an efficient and responsible member of society.

**Mission:**

- To facilitate access to quality higher education for the socially and economically backward sections of the society.
- To produce competent graduates through academic, co-curricular and social outreach exercises.
- To develop its infrastructure to cope up with the present needs and future demands of Higher Education.
